UnityIS®

ONE UNIFIED PLATFORM

UNITYIS OVERVIEW

One Platform. Total Security.

UnityIS® unifies access control, video, intrusion, intercom, visitors, workflows and more—providing real-time awareness, smarter decisions and better outcomes.

UNIFIED SECURITY
Integrate and manage all your security systems from one intuitive interface.

REAL-TIME VISIBILITY
Monitor events, alarms and system health in real time across any location.

INTELLIGENT OPERATIONS
AI-assisted insights, automated workflows and natural language control improve efficiency.

OPEN & FLEXIBLE
Open architecture and powerful APIs enable seamless integrations with industry-leading technologies.

DEPLOY YOUR WAY
Cloud, on-premises or hybrid deployments—built to fit your environment and your needs.

SCALABLE & RELIABLE
From a single site to global enterprises, UnityIS® grows with you.

- Workflow Builder
- Event Automation
- Notifications
- System Actions

REPORTS & ANALYTICS
- Custom Reports
- Dashboards
- Audit Trails
- Data Insights

MAPS & COMMAND CENTER
- Interactive Maps
- Real-Time Events
- Unified View
- Incident Management

STRONGER SECURITY
Unify systems and people to reduce risk and respond faster.

GREATER EFFICIENCY
Automate tasks and streamline operations to do more with less.

BETTER DECISIONS
Actionable insights and real-time data drive better outcomes.

FUTURE READY
An open, scalable platform that evolves with your needs.

ONE PLATFORM. ENDLESS POSSIBILITIES.

UNIFY SYSTEMS. UNIFY PEOPLE. UNIFY OUTCOMES.
